CSC 211 - Introductory Programming and Design

Final Project

May 4, 2005

Due Date: Friday, May 6th, at the beginning of class.

1 Progress Report

For Friday, write a second progress report for your final project. In the report include the following information:

- The progress you have made so far.
- Changes you have made from the original final project proposal and why the changes were necessary
- Problems you have encountered so far
- What you expect to accomplish by the end of the semester
- Class Design (if not included or not completed in the first progress report)
- Any other information you feel should be included
