

Project Proposal Format

September 14, 2004

Your project proposal has to have the following elements:

- Title of project
- Team members (with email addresses)
- Team leader
- Short description:
 - A brief general overview
 - A sketch of the implementation
 - System platform
 - Primary programming language
 - Third party components

Deadline: Wednesday, 9/22/04, at the end of lab, has to be typewritten.
